## Speaker Profile – Alan Langford

Alan joined Bankwest from what is now the Chamber of Commerce and Industry of Western Australia (CCIWA) in March 1989 as an economic research officer and was appointed economist in September 1990 – just in time to grapple with the recession Paul Keating said we had to have.

The chief function of the role is to advise Bankwest and its clients on the implications of economic and financial market trends.

Alan's duties include the editing of the Bankwest Weekly Economic and Financial Market Snapshot, ad hoc economic updates as and when key events occur and presentations at industry seminars.

He has a degree in financial management and economics from Curtin University and has a graduate diploma in applied corporate finance and investment from Finsia, where he is also a senior fellow. Alan is also a professional member of the WA branch of the Economic Society of Australia, a member of the housing industry forecasting group (HIFG) and a member of the advisory board of the School of Economics and Finance at Curtin University.
